

KEEP SAFE ONLINE DURING COVID-19

Being online can be new and exciting, but how do you know it's safe?

B

BE IN A CIRCLE OF TRUST

Agree with your friends not to post photos or videos of you or them that may cause embarrassment now or in the future

E

ENSURE YOU KNOW WHO YOUR TALKING TO!

It can be new and exciting being on apps for the first time, but it is always important you only add people you know.

A

ALWAYS TELL AN ADULT IF YOU FEEL UNSAFE!

People may add you from an account you do not know. Always tell an adult if someone sends you something that scares or worries you.

C

CLICK ON LINKS YOU KNOW ARE SAFE

Different links from different sites may pop up on your screen. Do not click on them unless you are with a trusted adult or know what they are.

O

ONLY SPEAK TO PEOPLE YOU KNOW

Some people use apps and social media for bad reasons. Do not add or accept anyone you may not know, they could be someone different to who they say they are!

N

NEVER DO ANYTHING YOU DON'T WANT TO DO!

Some people may ask you to do things you do not want to do. If you feel pressured or unsure, speak to a safe adult.
